The National Executive Committee

- Calls on the government of Cameroon to appropriately arrest the escalation of price hikes in Cameroon, especially for basic commodities and services;

- Calls on the government to fully embrace the opportunities imposed by the current world economic context to invest massively on import substitution;
- Condemns with the strongest possible terms the wanton killings, abductions and endless insecurity going on in the North West and South West regions;
- Urge government to resolve this crisis and ensure a rapid return to peace and stability in these two regions;
- Reiterates the condemnation of all forms of violence, whatever their origin, perpetrated in order to try to solve a fundamentally political problem that emerged as a result of bad governance perpetrated by the regime in place;
